

Woodriver Elementary Science Fair

Dear Students, Parents, Guardians, and Family Members:

You are cordially invited to participate in Woodriver's annual Science Fair.

Please pick up a Science Fair packet from the office or download a PDF version from Woodriver's Science Fair website: wolfpups.org/science-fair.html

The Science Fair is an opportunity for all students to learn more about Science by investigating a student selected topic of interest and completing a project. Families and siblings are encouraged to work together on a project. Project entries are categorized into six major divisions: Experiment, Demonstration, Science Report, Science Collection, Invention, and Computer Coding. Please visit our school's Science Fair website for links to hundreds of Science Fair project ideas.

The students may complete a traditional tri-board display or create a digital presentation (PowerPoint or Google Slides).

Tri-board Science Fair projects may be brought to Woodriver for display on Thursday, March 10th. Digital presentations should be shared with Mr. Kinder at the email posted below by March 4th. They will be displayed on Chromebooks in the MPR, alongside the tri-board presentations. The students will need to pick up their displays on Friday, March 11th at 1 PM.

The Science Fair is an awesome opportunity to explore a topic of interest and share your findings with the entire school and community. Everyone is strongly encouraged to participate. All participants will receive a certificate, participant ribbon, and a button. Winners will be selected in each category and they will receive ranked ribbons. The top contestants will advance to the Interior Alaska Science Fair competition, held at Pioneer Park, March 23rd to 26th.

If you are interested in participating in the Science Fair, please pick up a Science Fair packet from the office, complete the application in the packet, and submit it to the Science Fair collection envelope, located at the office, by **February 4th**. Thank you.

We need judges for the projects. Judging will occur on Thursday, March 10th from 9:30 AM to 1 PM. **Please complete and return the form below if you can volunteer as a judge.** Thank you.

Sincerely,

Rob Kinder, Science Fair Coordinator
